

INDUS | MARK

Legal & Compliance Overview

Effective Date: 01 January 2026

Company Overview

IndusMark is a B2B-focused manufacturer and exporter based in India, supplying products to international buyers.

Business Scope

Operations are conducted strictly on a business-to-business basis, including OEM, private-label, and custom supply arrangements.

Regulatory & Statutory Compliance

IndusMark is an IEC registered exporter and GST registered company, operating in compliance with applicable Indian commercial and export regulations.

Quality & Product Compliance

Products are manufactured and supplied in accordance with buyer-approved specifications and agreed quality parameters. Compliance is managed in line with buyer requirements, applicable standards, and export regulations.

Third-Party Verification

Third-party inspection, testing, or certification (such as SGS or equivalent) can be arranged upon request, subject to commercial terms.

Ethical & Responsible Business Practices

IndusMark follows ethical business practices and complies with applicable labour, safety, and environmental regulations.

Data Privacy

Business contact information is used solely for communication and transactional purposes. Data is not sold, traded, or misused. Please refer to the Privacy Policy for details.

Document Hierarchy

In case of any inconsistency, the applicable quotation, commercial documents, and Terms & Conditions shall prevail.

Governing Law

All business transactions are governed by the laws of India, with jurisdiction in Gujarat, India.
